2. [What should I know before I am given AMPHOTERICIN LIPOSOMAL SUN?](#)
3. [What if I am taking other medicines?](#)
4. [How is AMPHOTERICIN LIPOSOMAL SUN given?](#)
5. [What should I know while being given AMPHOTERICIN LIPOSOMAL SUN?](#)
6. [Are there any side effects?](#)
7. [Product details](#)

1. Why am I being given AMPHOTERICIN LIPOSOMAL SUN?

AMPHOTERICIN LIPOSOMAL SUN contains the active ingredient liposomal amphotericin B (amphotericin). AMPHOTERICIN LIPOSOMAL SUN belongs to a group of medicines called antifungals.

AMPHOTERICIN LIPOSOMAL SUN is used to help the body overcome serious fungal infections by either killing the fungus or stopping it spreading.

Amphotericin B (amphotericin) is also used to treat a disease which is rare in Australia called leishmaniasis.

2. What should I know before I am given AMPHOTERICIN LIPOSOMAL SUN?

Warnings

Do not use this medicine if:

- you are allergic to amphotericin B (amphotericin), or any of the ingredients listed at the end of this leaflet.
- Always check the ingredients to make sure you can use this medicine.

Check with your doctor if you:

- have allergies to any other medicines, foods, preservatives or dyes. have any other medical conditions
- have, or have had, any of the following medical conditions:
 - kidney disease
 - liver disease
 - diabetes.

During treatment, you may be at risk of developing certain side effects. It is important you understand these risks and

how to monitor for them. See additional information under Section [6. Are there any side effects?](#)

Pregnancy and breastfeeding

Check with your doctor if you are pregnant or intend to become pregnant.

Talk to your doctor if you are breastfeeding or intend to breastfeed.

AMPHOTERICIN LIPOSOMAL SUN is not recommended during breastfeeding, as it may pass into breast milk.

3. What if I am taking other medicines?

Tell your doctor or pharmacist if you are taking any other medicines, including any medicines, vitamins or supplements that you buy without a prescription from your pharmacy, supermarket or health food shop.

Some medicines and AMPHOTERICIN LIPOSOMAL SUN may interfere with each other. These include:

- anticancer agents (chemotherapy)
- digoxin (e.g. Lanoxin)
- flucytosine (e.g. Ancotil)
- cortisone-like medicine (e.g. hydrocortisone, betamethasone, dexamethasone, prednisolone, methylprednisolone)
- corticotrophin (e.g. Acthargel)
- dipyridamole (e.g. Persantin)

Some medicines may interfere with AMPHOTERICIN LIPOSOMAL SUN and affect how it works.

You may need different amounts of the medicine, or you may need to take different medicines. Your doctor or pharmacist will advise you

Check with your doctor or pharmacist if you are not sure about what medicines, vitamins or supplements you are taking and if these affect AMPHOTERICIN LIPOSOMAL SUN.

4. How is AMPHOTERICIN LIPOSOMAL SUN given?

How will it be given?

AMPHOTERICIN LIPOSOMAL SUN is to be administered only by or under the supervision of your doctor.

AMPHOTERICIN LIPOSOMAL SUN must be reconstituted using Water for Injection and then filtered using a 5-micron filter into the correct amount of 5% Glucose Injection. It is given as a long running infusion (e.g. a slow injection via a "drip" into a vein).

If you use too much this medicine

AMPHOTERICIN LIPOSOMAL SUN is most likely given to you in hospital under the supervision of your doctor, it is very unlikely that you will receive an overdose.

Severe side effects due to AMPHOTERICIN LIPOSOMAL SUN are more likely to occur at high doses, particularly if

you receive an overdose. Symptoms of AMPHOTERICIN LIPOSOMAL SUN overdose include the side effects listed, but are usually of a more severe nature.

However, if you experience any severe side effects after being given AMPHOTERICIN LIPOSOMAL SUN, tell your doctor or nurse immediately.

5. What should I know while being given AMPHOTERICIN LIPOSOMAL SUN?

Things you should do

Tell your doctor if you notice anything else that is making you feel unwell.

Remind any doctor, dentist or pharmacist you visit that you are using this medicine.

Driving or using machines

Be careful before you drive or use any machines or tools until you know how this medicine affects you.
